**We reserve the right to change or withdraw any of the mortgage products described in this document at any time. The rates shown indicate what may be offered, but the actual rate received may change depend on the circumstances. Please read the additional information below for each product carefully.**

**[handelsbanken.co.uk/intermediaries](http://handelsbanken.co.uk/intermediaries)**

Handelsbanken is the trading name of Handelsbanken plc, which is incorporated in England and Wales with company number 11305395. Registered office: 25 Basinghall Street, London EC2V 5HA, UK. Handelsbanken plc is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Financial Services Register number 806852. Handelsbanken plc is a wholly-owned subsidiary of Svenska Handelsbanken AB (publ). 0156 I 02.2026

## Explaining the terms we use

### **Initial interest rate**

This is the initial percentage rate we use to calculate the interest on the mortgage charged over an agreed period of time of the mortgage.

### **Follow on rate**

This is the interest rate that will apply to the mortgage when the initial interest rate period ends.

### **Variable interest rate**

When the initial interest rate ends, we'll calculate the interest on the mortgage using the Handelsbanken standard variable rate (HSVR). This rate changes over the term of the loan and is set by us.

### **HSVR**

Stands for Handelsbanken standard variable rate.

### **Offset base rate tracker**

The mortgage is linked with nominated Handelsbanken deposit and/or current account. Any money in those accounts offset the amount of interest we charge on the mortgage. Choosing to offset means this could reduce the amount of interest paid overall. Money offset on an interest-only mortgage, will reduce the monthly payments.

### **Overall cost for comparison**

The Annual Percentage Rate of Charge (APRC) shows the annual cost of the mortgage and can be used to compare the cost of different mortgages.

The figure is based on:

- £100,000 borrowed over 25 years on a capital and interest repayment basis
- The interest rate and arrangement fee, shown on each type of mortgage
- The loan to value ratio, shown on each type of product
- A fixed rate booking fee (if applicable) outlined in the 'Additional information' sections

### **Arrangement fee**

The fee we charge for setting up the mortgage.

### **Fixed rate booking fee**

The fee we charge to secure a Fixed Rate Mortgage deal.

### **Overpayment allowance**

Single part fixed rate mortgages allow overpayments each year equivalent to 10% of the outstanding balance of the mortgage. The amount under the allowance is calculated annually on the date the fixed rate period started. Additional payments during the fixed rate period will incur an early repayment charge if this is outside the 10% allowance. This overpayment feature is not available on multi-part mortgages.

## **Early repayment charge (ERC)**

This is a charge if the mortgage is repaid in part or full within the early repayment period. The charges we apply are shown below.

There's no early repayment charge for tracker mortgages.

## **Single part mortgage**

A single part mortgage usually means that the mortgage is repaid in one way only – for example on a capital and interest repayment basis or on an interest only repayment basis - or that a single interest rate applies to the whole mortgage. If a mortgage isn't described as a multi-part mortgage (or as a mortgage with more than one part) in the personalised mortgage illustration, then it's single part.

## **Our Sustainable Home Reward could pay your customer up to £1,000**

If the Energy Performance Certificate (EPC) of your customer's property is A or B, their mortgage could be eligible for a Sustainable Home Reward of either £500 or £1,000.

It's available on single part mortgages that are either fixed rate or track the Bank of England base rate. Please see [handelsbanken.co.uk/homereward](http://handelsbanken.co.uk/homereward) for more information.

## **Useful to know**

Our minimum mortgage size is £5,000.

There are three ways to repay the mortgage:

- Repayment – To pay the amount borrowed along with some interest each month to fully repay the mortgage by the end of the term.
- Interest only – During the term of the mortgage only payments to the interest, a suitable repayment plan needs to be in place to repay the mortgage at the end of the term.
- Mixed - The option to combine these repayment methods.

We will only offer a mortgage if it is secured by a mortgage deed for properties in England or Wales or by a standard security for properties in Scotland. Residential property must be located in England, Wales or Scotland.

# Handelsbanken

Handelsbanken is committed to conducting its business in a fair, honest and open manner and we ensure that we have appropriate product oversight and governance systems and controls in place to offer products that have been assessed as providing fair value to customers that are within the appropriate target market.

If you are looking to place an application with us, you will be given access to our Intermediary web page to see our fair value assessment, which is incorporated in our Broker Product Information Sheet

## Procuration fees for residential mortgages

For existing customers rate switching we pay a procuration fee of 0.25% of the mortgage balance on the date of the switch.

For existing customers borrowing new additional money, we pay a procuration fee of 0.45% of the additional amount borrowed.

## Matrix Lending Criteria

The criteria for the three different matrices as follows -

**Standard** - Customers must hit every criteria point to be eligible for the Standard matrix

- Maximum of 2 individual applicants
- Income used to assess affordability - PAYE (including bonuses and commission) only
- Loan to income ratio - less than 4.5 x
- Maximum loan to value of 75%

The following products are available on the Standard matrix - Fixed Rates, Standard Base Rate Tracker & Offset. This is for both capital & interest and interest only mortgage.

**Standard Plus** - If the customers meets **one or more** of the criteria points below then the Standard Plus matrix **must** be used

- 3 or more individual applicants or an application involving a trust
- Income used to assess affordability - Any income source other than PAYE (including bonuses and commission) or multiple income sources
- Loan to income ratio - 4.5 x or greater
- Loan to value above 75%
- Borrowing over £2 million
- Non-standard security (see below for classification of standard security)

The following products are available on the Standard Plus matrix - Fixed Rates, Standard Base Rate Tracker & Offset. This is for both capital & interest and interest only mortgages.

For Loans greater than 85% LTV please contact us for further information.

# Handelsbanken

**Specialist** - If the customers requires any one of the following products then regardless of the criteria points above, the

Specialist matrix must be used

- Residential Development Loan (Self Build)
- Current Account Mortgage
- Foreign Currency Mortgage (all products)

**Standard security** is defined as an RMC secured by one property with all parties being on both the mortgage and registered as an owner of the property. The property is free from any unusual characteristics.

Non - Standard is any other form of ownership structure. The following are examples of non-standard security:

- Grade I and Grade II\* (star) listed buildings
- Mixed use property
- Unusual covenants that require investigation
- Agricultural ties
- Additional security

The Branch will confirm if the security is classified as standard or non-standard

#### **Additional information for Current Account Mortgages**

You'll be charged an annual arrangement fee of £999.00 on the anniversary of the date the mortgage was drawn down.

#### **Foreign Currency Mortgages**

Foreign Currency Mortgages will be held in Sterling and are only available to UK residents. The mortgage must be secured against a UK property, but the income and/or asset used to repay the mortgage can be denominated in one or more of the following currencies:

- Danish Krone
- Euros
- Norwegian Krone
- Swedish Krona
- US Dollars

You can take out a Foreign Currency Mortgage as one of the following products:

- Base Rate Tracker Mortgage
- Base Rate Offset Mortgage

Foreign Currency Mortgages are not available for Residential Development or on Standard Variable and Discount Rate Mortgage products.

We also apply certain other restrictions to our lending:

- A standard maximum Loan to Value (LTV) of 60%
- A standard maximum Loan to Income (LTI) ratio of 4 x income
- We will use 80% of the value of any income and/or asset in an acceptable currency other than sterling to assess the affordability of the mortgage. This is in case the value of your chosen currency moves against sterling and makes it more difficult for you to repay your mortgage.
