Glossary of terms

Maintaining the account	The account provider operates the account for use by the customer.
Overdraft	A short-term way to borrow money when there is no money left in the customer's account. Usually an agreement between the account provider and the customer determines a maximum amount that can be borrowed, and whether fees and interest will be charged to the customer.
Unarranged overdraft	The customer borrows money when there is no money left in the account (or when the customer has gone past their arranged overdraft limit) and this has not been agreed with the account provider in advance.
Refusing a payment due to lack of funds	The account provider refuses a payment from the customer's account because there is not enough money in it (or it would take the customer past their arranged overdraft limit).
Allowing a payment despite lack of funds	The account provider allows a payment to be made from the customer's account although there is not enough money in it (or it would take the customer past their arranged overdraft limit).
Direct Debit	The customer permits someone else (recipient) to instruct the account provider to transfer money from the customer's account to that recipient. The account provider then transfers money to the recipient on a date or dates agreed by the customer and the recipient. The amount may vary.
Standing order	The account provider makes regular transfers, on the instruction of the customer, of a fixed amount of money from the customer's account to another account.
